PROPHETIC TALES: KIDS ISLAMIC LEARNING

ASMA-UL-HUSNA MEMORIZATION GUIDE

1. Start with Just 10 Names

Begin with the first 10 names every night before sleeping. Keep memorization gentle, slow, and enjoyable.

2. Morning Revision (2 Days)

Revise the same 10 names the next morning. Continue this for 2 days until your child is confident.

3. Add New Names Gradually

Once the first 10 names are memorized:

- Revise the previous 10
- Learn the next 10 new names

Your child now practices 20 names daily.

4. Continue the Pattern

After your child is fluent with 20 names:

- Revise all previous 20
- Learn the next 10

This increases the count to 30.

Continue: 10 → 20 → 30 → 40... until all 99 are complete.

5. Daily Revision Builds Confidence

Regular repeated recitation makes the memorization strong and long-term.

6. Teacher Check

Ask a teacher or Maulana to listen to your child daily. This helps improve pronunciation and confidence.

7. Night Routine Practice

After memorizing, children can recite every night before sleeping and gently blow on each family member as a sweet habit.
